

Why You Shouldn't Call the Police Pigs

Savage State

Pigs mind their own business Pigs have curly tails Pigs are very intelligent creatures Pigs shit in their stalls Pigs grunt when they're happy — like when they've been fed Pigs are our friends	Cops don't Cops have guns, capsicum gas, boots, fists... Cops have animal cunning, but are basically fucking stupid Cops shit on the people Cops grunt when they're happy — like when they're beating someone up. Cops are our enemies.

Police — calling them pigs is an insult to pigs
(we recommend you call them filth)
