

What We Stand For

Libertarian League

1963

The “free” world is not free; the “communist” world is not communist. We reject both: one is becoming totalitarian; the other is already so.

Their current power structure leads inexorably to atomic war and the probable destruction of the human race.

We charge that both systems engender servitude. Pseudo-freedom based on economic slavery is no better than pseudo-freedom based on political slavery.

The monopoly of power which is the state must be eliminated. Government itself, as well as its underlying institutions, perpetuates war, oppression, corruption, exploitation, and misery.

We advocate a world-wide society of communities and councils based on cooperation and free agreement from the bottom (federalism) instead of coercion and domination from the top (centralism). Regimentation of people must be replaced by regulation of things.

Freedom without socialism is chaotic, but socialism without freedom is despotic. Libertarianism is free socialism.
