

Hurry to Play

**An Embellished Poem Inspired By “Armed Joy” by Alfredo Bonanno and My
Time Spent in Psychiatric Detention Centers**

Ursula Curiosa

2022

Empty cages
Ashes of mental asylums
The unquiet dead and living
Shove Capital's statute of madness back into its face.

The heavy DSM-5
Leaves marks
When applied.

Hope persists alongside my dreaming
Screaming sobbing sickness
Hurry Comrade:
Hurry to play.
Hurry to go mad.
Hurry to refuse work.
Hurry to arm yourself.

Hurry to create communities of joy.
